

MCBC Re-Opening Survey Results Report June 2022 美浸重開民意調查結果報告

Introduction 介紹

The (ROTF) committee thanks all brothers and sisters who participated in the May 28 to June 5 second-round voluntary MCBC Re-Opening Survey. As we continue to plan to reopen our church progressively, providing reliable guidance is even more evident and necessary now. Our goals were to collect information and insights to advance a safe and healthy environment for all three (3) congregations for their congregants upon entering the church to attend in-person Sunday Worship Services; and when using Facilities and Classrooms.

重開委員會 (ROTF) 感謝所有參與 5 月 28 日至 6 月 5 日第二輪自願美浸重開民意調查的弟兄姊妹。隨著我們繼續計劃逐步重開教會，提供可靠的指引現在變得更加明顯和必要。我們的目標是收集數據和見解，以便為所有三 (3) 個堂的會眾當進入教會出席實體主日崇拜；或使用設施和課室時提供一個安全和健康的環境。

Data and Results 數據和結果

Conclusion 結論

The survey responses, suggestions and feedback made in good faith on the above were constructive and helpful. Based on the survey results which matched the ROTF's reopening protocols, therefore, we will maintain the COVID-19 pandemic restrictions that have been placed in MCBC since September 2021.

對上述的民意調查提出真誠的回覆、建議和回饋是建設性的和有幫助的。根據民意調查結果與重開委員會的重開協議相同，因此，我們將維持自 2021 年 9 月以來在美浸實施的 COVID-19 大流行限制。
